TREND COLOUR COLLECTION
2021/2022

EXPLORE OUR LATEST SHADES

LIVE A LIFE FULL OF COLOUR

No matter where we spend our days, and no matter our mood, life is constantly shaped by colour. So, why not give it the colour it deserves? Like our newly expanded LEVEL 25 collection. High-quality, vibrant paints that will make you feel safe and comfortable wherever you are. And there's more. Thanks to our efficient co-production processes and discounts for first-time orders, our colours expertly combine the highest-quality ingredients with the best value for money.

Take a look at our five latest trend colours, each designed to bring greater depth and character to any environment.

COLOURS THAT OVERFLOW WITH COMFORT

For shades that evoke a sense of harmony, look no further than our five new trend colours.

Immerse yourself in nature with our soft, subtle **aurora green**. Or, for something a little more entrancing, that will make you dream of that magic moment where night turns into day, let **sunrise blue** into your life. And if what you want is a little more light? Our **modern grey** will help you create an environment that is at once cool and cozy, and designed to put a spring in your step, while our **light fawn** and **desert rose** options take things down a notch, for a feeling of calm and security.

Join our Colourkolleg workshop and, together, let's turn your colour intensity dreams into a reality. Check the back page for more information.

KNOWLEDGE SHARING THAT PAINTS A VIVID PICTURE

Putting our 'Solutions first' claim into action, our Colourkolleg workshop is designed to build your confidence and expertise with bold, intense colours – helping you discover the best way to manage any project.

With thousands of coloured paper grades behind us, we're always eager to add more to the list – with our team of Colour Lab experts standing by to help bring your colour schemes to life. A strong focus on knowledge sharing and collaboration also means we'll give you access to all the latest colour trends within interior design, so, together, we can tackle any project with ease.

THE WORKSHOP CONSISTS OF THE FOLLOWING TOPICS

- 1 Expertise building:** From their base in our Colour Lab in Günzach, listen to our experts as they help you get to grips with everything related to Technocell Dekor – including how we've built up our expertise in creating intense decor papers.
- 2 LEVEL 25 overview:** We'll give you an introduction to the LEVEL 25 collection as well as a breakdown of our trend-scouting process.

Together, let's find the perfect blend of colours.

WE LOOK FORWARD TO SERVING YOU.

- 3 LEVEL 25 further insight:** Here, we'll go into further detail about the current colour trends shaping the market. What thought process did we follow to find our newest shades – and why?
- 4 Discussion/brainstorm:** We'll conclude the course by giving you the opportunity to bring up any queries you may have.
